For More Information

The Gift: Your Call to Greatness introduces you to the life-changing vision of the Theology of the Body and invites you to discover God's extraordinary plan for your life. As you journey through this two-session study, you will explore what your call to greatness is, why God created us male and female, and what the Theology of the Body reveals about the meaning of life.

The Gift lays the foundation for understanding God's plan for the human person and reveals how our deepest desires are fulfilled in him. Guided by Dr. Christopher West, you'll gain a deeper understanding of your identity and purpose as a son or daughter created in the image and likeness of God.
